EDUCATION

McGill University – Faculty of Engineering

Montreal, Canada

Bachelor of Engineering, Major in Chemical Engineering CGPA: 3.48/4.00

Class of 2028

- Varsity Lacrosse Captain & Athlete
- Environmental Engineering Minor

Lexington High School

Lexington, USA

High School Diploma, CGPA: 3.95/4.0

Class of 2023

- Academic All American, Honor Roll
- Varsity Lacrosse Captain, Jazz Ensemble, Concert Band (trumpet)

PROFESSIONAL EXPERIENCE

McGill Electrocatalysis Lab

Montreal, Canada

2026 Eugenie Ulmer Lamothe Summer Scholarship

May 2026 – Aug 2026

- Independently set up and ran electrocatalytic flow-cell experiments for the co-electrosynthesis of nitrate to hydroxylamine and HMF to FDCA
- Researched and evaluated catalyst materials and experimental conditions to improve reaction performance
- Analyzed reaction products using gas chromatography (GC) and NMR spectroscopy to assess product selectivity and efficiency

Island Creek Oysters

Boston, USA

Line Cook

May 2025 – Aug 2025

- Worked with a fast-paced back-of-house team to prepare menu items safely and efficiently under pressure
- Designed new menu items, while balancing costs and equipment constraints

LEADERSHIP AND EXTRACURRICULAR

McGill Varsity Lacrosse

Montreal, Canada

Varsity Lacrosse Captain

Nov 2025 – Present

- Mentor and manage incoming players to support team integration and performance
- Coordinate practices and fostered a collaborative team culture
- Facilitate communication between coaches and players to improve communication and teamwork

McGill Biodesign Team

Montreal, Canada

Oil Spill Remediation Sub-Team Lead

Sep 2025– Present

- Lead a sub-team investigating oil-spill remediation techniques using cellulose aerogel
- Coordinate literature reviews, experimental planning, and discussions to guide project direction
- Consult with industry professionals to assist in project viability

McGill Rocket Team

Montreal, Canada

Propulsion Team Member - Valves

Apr 2025 – May 2026

- Assist in the design and testing of high-pressure valve systems for liquid rocket engines

McGill Chemical Engineering Student Society

Montreal, Canada

Mental Health and Equity Coordinator

May 2026– Present

- Organize weekly and monthly events promoting equity, inclusion and mental well being
- Coordinate initiatives such as the buddy program

SKILLS, ACTIVITIES, AND INTERESTS

Technical Skills: Process Flow Diagramming, MATLAB, Microsoft Office Suite, Data Analysis

Certifications: WHIMIS, Intro to Lab Biosafety

Citizenships: U.S. and Canadian
